

# How To Use The Story Planners

**Objective:** These resources are for helping children structure their written work. These resources incorporate colour-coded questions, e.g. who is pink, where is blue, etc.

**How to use:** Use these resources during written work to help children independently structure their work. They can use the Story Planner to help them write a story, and focus on all the key parts. They can use the Mind Map to help them remember all the key information they need to develop into a story.

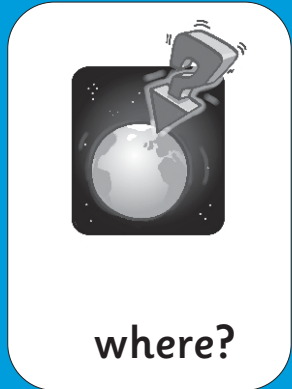

**Other ideas:** Provide a few laminated copies of the Story Planner around the class to act as a prompt to children during writing tasks.

who?

what doing?

where?

Large empty rectangular box for writing the story plan.
